Harold Collins  
Memphis City Mayoral Candidate  
Memphis, TN

Dear Mr. Harold Collins:

On behalf of Dr. Kilolo Ajanaku, my Administrative Prelate and Executive National Director/CEO for the World Conference of Mayors Dr. Martin Luther King, JR American Dream Nat/Intl Initiative, please know that this communication is to let you know that we got people on the ground in Memphis who are keeping me informed of what is going on there relative to the city's condition which is infested with crime and the youth being a prime focus of that now, as well as, the status of poverty which remains that of being the lowest amongst metro areas in the U.S. We understand that you have your bid in to run for mayor of Memphis, TN in 2015. Thus, we want to alert you that the time is very much apropos for you to take advantage of Memphis' condition to reverse all of its' reported negatives to positives! As a matter of fact, we are on point to show you how to create your political platform now for success to satisfy first of all, your endeavor to become sixty-fifth mayor of the city of Memphis, TN! This is primarily because we are a research team who has the solution to all that ails Memphis and ultimately the country. The idea is to not only to make your run for mayor successful, but to also take this opportunity as one that has a perpetual existence for generations to come!

Also, please be mindful, that I do want you to know that I am the Supreme Bishop of the New College of Bishops, Apostles and Associate Ministers — a college without walls that grew out of the Future America Basic Research Institute (FABRI) over the last decade or so! Also, I am the National/International Operations Chairman of the Dr. Martin Luther King, Jr. American Dream Initiative; in addition, I am the current and longtime mayor of the city of Tuskegee, Alabama, a former African American Alabama State Legislator (1999-2004), and the founder of the World Conference of Mayors (WCM“1984 ).

I do understand the importance of what an effective political platform looks like, relative to that of approaching a win-win for the Office of Mayor ship; as there must be a win for you and a win for the people. We are unique inasmuch as we can offer you both and thus, we propose that you accept our offer here as you clearly line-up with the idea of being the most popular candidate of the people for a mayoral win!

On the other hand, the WCM got involved in the Dr. Martin Luther King, Jr. American Dream Initiative because I had known Dr. Nkosi Ajanaku, Esquire, the founder of both, FABRI and the Dr. Martin Luther King, Jr. American Dream Initiative. Divinely, there could not be a better platform for you, particularly since Dr. King's demise rests in Memphis and that no other city can take the claim of Resurrection Redemption City that the Governor of TN has proclaimed for Memphis!

I am eager to hear back from you and if you accept this proposal we will have you up and running in 30days as our staff will follow-up to confirm if you accept; we will arrange for a meeting with you to discuss this tremendous opportunity in our times!

Sincerely,

SB Kwibe
